AIIMS Raipur is one of the SIX AIIMS healthcare institutes being established by the Ministry of Health & Family Welfare, Government of India under the Pradhan Mantri Swasthya Suraksha Yojna (PMSSY). With the aim of correcting regional imbalances in quality tertiary level healthcare in the country, and attaining self sufficiency in graduate and postgraduate medical education and training the PMSSY planned to set up 6 new AIIMS like institutions in under served areas of the country.

All India Institute of Medical Sciences Raipur is a medical college and medical research public university based in Raipur, Chhattisgarh, India. The Institute operates autonomously under the Ministry of Health and Family Welfare.

This All-India Institute of Medical Sciences (Amendment) Act, 2012 has replaced the Ordinance which allowed the six AIIMS—like institutes to become operational from September 2012. The All-India Institute of Medical Sciences (Amendment) Bill, 2012, was introduced in the Lok Sabha on 27 August 2012. Lok Sabha passed the AIIMS (Amendment) Bill, 2012 on 30 August 2012. Bill was then introduced in Rajya Sabha on 3 September 2012. Rajya Sabha passed the Bill on 4 September 2012. Bill got its assent from the President of India, Pranab Mukherjee on 12 September 2012 and the Act came into force. The proposed measure will help the Centre change the status of the six new AIIMS registered under the Indian Societies Registration Act to be autonomous body corporate on the lines of the existing AIIMS in Delhi. AIIMS(Amendment)

AIIMS, Raipur is located on GE Road, near the Tatibandh Gurudwara in Raipur. Built at a cost of 840 crore (US\$120 million), AIIMS Raipur is spread over an area of 103.63 acres (0.4 km²), where the hospital and college complex occupies 63.85 acres (0.3 km²) while residential complex is on 39.78 acres (0.2 km²).
