Vice Chancellor : Prof. Ashok Kumar

Registrar : Shri Ashok Kumar Arvind

The University of Gorakhpur is a teaching and residential-cum-affiliating University. It is situated at a distance of about 2 kilometers from the downtown to the east and almost walking distance from railway station to the south. Although the idea of residential University at Gorakhpur was first mooted by Dr. C.J. Chako, the then Principal of St. Andrews College, then under Agra University, who initiated post-graduate and undergraduate science teaching in his college, the idea got crystallized and took concrete shape by the untiring efforts of Late Pt. S.N.M. Tripathi. The proposal was accepted in principle by the first Chief Minister of U.P., Late Pt. Govind Ballabh Pant, but it was only in 1956 that the University came into existence by an act passed by the U.P. Legislature. It actually started functioning since September 1, 1957, when the faculties of Arts, Commerce, Law and Education were started. In the following year, 1958, the faculty of science came into being. Faculties of Engineering, Medicine and Agriculture came into existence in later years. Late Mahant Digvijay Nath also made valuable contribution in the formation of the University. The Madan Mohan Malviya Engineering College. At one stage the federal jurisdiction of the University was spread over colleges in Gorakhpur and the adjoining erstwhile twelve districts with about 125 affiliated colleges. In 1973, when the Gorakhpur University Act was replaced by uniform piece of legislation called the U.P. Universities Act, about two dozen colleges located in five districts were transferred to the newly created Avadh University with headquarters at Faizabad. The jurisdiction of the Gorakhpur University was drastically curtailed further in its headquarters at Jaunpur. At present, with the establishment of new colleges and the creation of new districts, there are 123 colleges located in five districts of Gorakhpur Division.

In the beginning the University had its own teething troubles. But due to the zeal, untiring efforts and foresight of its founding fathers and the then faculty members, it has come of age having completed more than forty years of a most meaningful existence. It now has neat and attractive campus spread over an area of about 300 acres with well-planned teaching and residential campuses. In the beginning the University was housed in two buildings the Pant Block (inaugurated by late Pt. Pant) and the Majithia Block (named after Sir Surendra Singh Majithia, who made a significant donation to the building through his family trust). Several other buildings came up during the following decades : they include the Central Library, the Arts Block, the Administrative Block, the Law Faculty, a Student's Union building, a Gymnasium hall, a Health Centre, a Computer Centre and Research Buildings for Chemistry, Zoology, and Botany. Besides, there are separated Buildings for Commerce and Education Faculties and also for Home, Science, Geography, Psychology, Sociology, Hindi, Ancient History, Fine Arts and Music, Political Science and Adult Education.
