Quality education leads to quality living. Life, nourished with knowledge of the highest order, not just stirs up your potential, it also takes you beyond your capabilities. Obsessed with the idea to transform education from being a cluster of well-understood subject to becoming well-adapted aspects and principles of life the ERA EDUCATIONAL TRUST has conceptualized Era's Lucknow Medical College and Hospital as a "Centre of Excellence" in medical education, medicare, training and research. The college is affiliated to Dr. Ram Manohar Lohia Avadh University, Faizabad and is recognized by Government of India and Medical Council of India, New Delhi. ELMC is offering comprehensive patient care with a humane touch on charitable basis for the benefit of the poor and needy. The college is on the list of WHO/ AVICENNA and IMED/FAIMER directories.

Era's Lucknow Medical College & Hospital brings to the semi-urban and rural population in and around Lucknow the best medical facilities in the state at subsidized rates. The charity work done by the hospital benefits the poorest of the poor. Free admission, free medicine and free meals are provided to patients from underprivileged sections of society. Diagnostic services are also available free of cost for such patients. The registration fee for a patient is a token amount of Re. 1/- after which the patient can consult highly experienced doctors for a period of 15 days during which patient is also provided with medicines. Beds are provided to in-patients @ Rs. 5 /- per day. For the children of employees of ELMC&H an English medium school has been established within the campus. Books are provided free of cost. Uniform is provided at subsidized rates. A nominal fee of Rs. 50/- per month is charged which is further reduced to Rs. 10/- to charge as a token amount for Extremely needy students just to maintain their self respect. The EET through its tireless efforts aims at inculcating the traits of honesty, compassion, courage, persistence and responsibility among students, so as to enable them to become competent doctors on one hand, and sensitive and caring human beings on the other.
