It was in the year 1998 that Shri Narayan Das Agrawal took the initiative to fulfill his father's dream and laid down the foundation of the GLA Group of Institutions that later grew to become the GLA University through the U.P. State Legislative Act of 2009 (UP Act 21 of 2010). The Campus of the University is spread across more than 80 acres of lush green and expansive grounds. The University is home to more than 6,000 students, studying in a gamut of professional courses. The establishment feels proud of its alumni base of more than 9,500 students. The University premises are one of the best in the region and give the University, an advantage over its compatriots. The campus with modern infrastructural facilities deserves a mention for its well designed and maintained buildings, contemporary laboratories, spacious residential complexes, and recreational facilities.

The University employs more than 350 qualified faculty and 500 staff members. Renowned academicians, who believe in the over-all growth and development of their students, head the institutions of GLA University. GLA follows an interdisciplinary approach in its teaching methodologies and that is what sets it apart from other universities.
