Indian Institute of Technology Guwahati, the sixth member of the IIT fraternity, was established in 1994. The academic programme of IIT Guwahati commenced in 1995.

At present the Institute has eleven departments and three inter-disciplinary academic centres covering all the major engineering, science and humanities disciplines, offering BTech, BDes, MA, MDes, MTech, MSc and PhD programmes.

Within a short period of time, IIT Guwahati has been able to build up world class infrastructure for carrying out advanced research and has been equipped with state-of-the-art scientific and engineering instruments.

Indian Institute of Technology Guwahati's campus is on a sprawling 285 hectares plot of land on the north bank of the river Brahmaputra around 20 kms. from the heart of the city. With the majestic Brahmaputra on one side, and with hills and vast open spaces on others, the campus provides an ideal setting for learning.

Indian Institute of Technology Guwahati is located just on the outskirts of the city of Guwahati and is well connected to other parts of the country by road, rail or air.

The 74,000 square metre Academic Complex houses the academic departments, centres, their laboratories, classrooms, etc. A spacious Administrative Building accommodates the offices of the Institute. The Computer and Communication Centre houses a modern Computer Centre and Central Library. A lecture hall complex with four lecture halls, each capable of seating 250 scholars and an auditorium of 1500 capacity provide space for teaching and holding various events/programmes. The Sports Complex comprising of an indoor sports stadium with synthetic badminton, table tennis and squash courts, gymnasium and the Students Gymkhana office, an 8 lane 50 m long swimming pool and flood-lit playing fields for all major outdoor games provide ample scope of recreation for the campus residents. A 72-room Guest House, ample faculty and staff quarters, married students' flat-lets, eight men's and one women's hostels with single occupancy rooms make the residential component of the infrastructure. The Institute also has a hospital with 30 beds, a commercial complex with a restaurant and several shops and two community halls. A Conference Centre with a provision of 4 halls (2 halls with 150 capacity and 2 halls with 200 capacity) and a food court is nearing completion.
