The National Institute of Technology Arunachal Pradesh was inaugurated on 18th Aug 2010 as a member of a group of ten new NITs. These new NITs were established as centres of excellence in technical education to combat the growing need of technological professionals in India as well as in the World.

The Institute has been through many trials since its establishment in 2010; but ultimately has triumphed over all challenges and is thriving today with more than 350 students on roll and many distinguished members of faculty as well as a good many numbers of competent administrative personnels.

The facilities and services that NITAP renders to the students, faculty and staff members make it stand among the top level institutes. The splendid amenities provided to the students make the stay in NITAP a wonderful experience. The presence of modern facilities furthers the overall development of all the residents of NITAP and also assists students and faculty members to work in a co-operative way enhancing the academic growth of the students.

The students are provided with nice set of hostel rooms with all the basic facilities a student will need. A few of them constitute the 24X7 availability of water and electricity and a variety of food for all tastes. The whole institute and hostels are supplied with a permanent Internet and LAN facility so as to increase the limits of every individual.

The Training and Placement Cell of the Institute centrally handles all aspects of campus placements for the graduating students of all Departments. The Cell is well-equipped with excellent infrastructure to support each and every stage of the placement processes.

The T & P staff members assist in arranging Pre-Placement Talks, Written Tests, Group Discussions, and Interviews etc. as per the requirements of the Organizations.
