PES was established in 1972 at Bangalore, the Silicon Valley of India. PES is focused on four main educational areas: Engineering, Medicine, Management and Life Sciences. The institutions offer both foundation courses in these areas, as well as specialization with a Bachelors/ Master/ PhD Degree.

Combine years of experience in education with a unique curriculum world-class infrastructure, with a committed responsive faculty, unwavering commitment to the quality of education, today PES has more than 15,000 students, spread across four different campuses, Three state of art campuses in Bangalore and a Medical College with 750 bed hospital in Kuppam, Andra Pradesh.

To provide students with a sense of history, an understanding of values and ethics, a commitment to law and morality, an appreciation of human creativity and an analytical inquiring mind.

Our quality policy is to develop highly skilled human resources with the ability to adapt to an intellectually and technologically changing environment with the participative efforts of the management, staff, students and parents.

PES campuses are designed to support rigorous academic study and promote shared learning among a diverse student community. Together, they comprise over 3.5 million square feet of built up area and acres of generous, open grounds. With a 750 bed hospital, the PES Institute of Medical Sciences and Research at Kuppam, has a built-up area of more than 1 million square feet, while the PES University campus sprawls over 25 lush acres, PESIT South Campus will be a part of multi disciplinary University Campus.

All campuses incorporate infrastructure that matches the best in the country - ensuring that students have everything they need for a rich, stimulating campus life. The classrooms are planned to maximize light and space and students have access to the latest computing and research facilities. Be it cutting-edge laboratories for our medical students, fully equipped workshops for our engineering students or a compact hotel on campus to aid the Hotel Management course - we endeavor to develop and provide supporting infrastructure everywhere. Outside the classroom, secure hostels and modern cafeterias provide comfortable on-campus living, while excellent sports and recreation facilities give every student the opportunity to explore and develop their potential.
