Shanmugha Arts, Science, Technology & Research Academy (SASTRA) - right choices lead to a competitive advantage. Started in 1984 as Shanmugha College of Engineering, it has witnessed a phenomenal growth in academic and professional stature and will continue to add new dimensions, leaving no stone unturned. Our programmes, infrastructure, etc. are among the country's finest and as a testimony to this, the Government of India has conferred the University status to SASTRA on April 26, 2001 under section 3 of the UGC Act, 1956. SASTRA has also been re-accredited with Grade 'A' (maximum) by the National Accreditation and Assessment Council (NAAC) a statutory body of U.G.C.

SASTRA has always been proactive in its academic planning and believes in gaining the firstmover advantage. All programmes have won national acclaim.

An excellent faculty committed to quality teaching and research, a flexible curriculum responsive to the changing needs of industry, excellent computer facilities, state-of-the-art infrastructure, a well-stocked library - contribute to the excellence of our undergraduate, postgraduate and doctoral programmes. SASTRA is where you connect with other motivated students, experienced and dedicated faculty, corporate go-getters, an extensive alumni network and excellent placement opportunities. In short you connect with success.

You will find your experience at SASTRA unique. We strive to create an academic environment where students who are transparently selected only on merit are continually challenged and motivated to do their best possible work. We believe in nurturing values and ethics - professional and human. An enriching academic environment coupled with a salubrious ambience makes SASTRA the right destination. SASTRA University's true living to its admission ethos makes it admission motto "THINK MERIT. THINK TRANSPARENCY. THINK SASTRA" a model benchmark worthy of emulation.

"To impart value based higher education turning out good engineers, scientists and researchers who are at the same time good individuals and good citizens in order that they may become useful members of an enlightened humane society."

To be a world class University engaging in meaningful research & development offering quality education to the students and other learners.
