The IIHMR University is a specialized Research University in management research, postgraduate education and training exclusively in the health sector. The University aims to generate new knowledge and technologies to provide evidence and inputs for developing effective policies, health interventions and strategies. The origin of the IIHMR University has its roots in pioneering and significant contribution of Institute of Health Management Research, (IIHMR) Jaipur in the last three decades in policy and program management research, and capacity development in health and hospital management in India and South East Asia.

The IIHMR University has a mission to improve the standards of health through better management of health care and related programs through management research, education, training and institutional networking in a national and global perspective in the health sector. World Health Organization designated IIHMR as a WHO Collaborating Centre for District Health Systems based on Primary Health Care for its significant contribution in strengthening health systems by promoting and conducting health policy and program management research and capacity building. The Ministry of Health and Family Welfare, Government of India identified it as Institute of Excellence for training and capacity building. A critical mass of professionally trained health care, hospital, rural and pharmaceutical managers have been produced by IIHMR to better manage health systems. The University has been instrumental in a paradigm shift in management of health care programs and hospitals in India. For its significant contribution in health, hospital, rural and pharmaceutical management education, it has been awarded several Leadership Awards/Best sectoral B school. In addition, IIHMR has become a major destination for training and capacity development in leadership and strategic management, hospital management, disaster management, quality management, project management, health management information systems, health economics and finance.

The IIHMR University has a unique organization culture that enshrines core values and ethos of autonomy, accountability, openness and transparency. The interdisciplinary teams of faculty and research staff constitute an enabling environment for learning, professional growth and development. The multidisciplinary faculty represents public health, management, economics, statistics, demography, social and behavioral sciences, rural development and pharmaceuticals
