Jharkhand Rai University has been established under “Jharkhand Rai University Act, 2011” by Jharkhand State Legislature. JRU a globally-oriented university, has distinctive expertise and insights. JRU aspires to be a bold and dynamic community, with a “no walls” culture and a spirit of enterprise which strives for positive influence and impact through education, research and service.

Jharkhand Rai University is supported by Rai Business School which has already established itself as among the best in management education since 2002. It is known for its academic integrity and intellectual warmth on one hand and its fine blend of cutting edge curriculum, skill building pedagogy and uncompromising learner centricity on the other.

Jharkhand Rai University offers Undergraduate and Postgraduate degrees in different disciplines. The University possesses a team of dedicated, highly qualified and industry experienced faculties. As mentors, they provide numerous student-research opportunities at both the undergraduate and postgraduate levels, inspiring students to advance their skills and aspirations.

The University believes that transformative education that nurtures thinking individuals who are alive to opportunities to make a difference, are valued members and leaders of society, and global citizens effective in diverse settings.

High-impact research that advances the boundaries of knowledge and contributes to the betterment of society. Dedicated service, as a university, that adds to social, economic and national development.

The eight key components of JRU’ strategy are:

- Nurture, recruit and retain best quality people, the single most important determinant of the quality of education and research.
- Attract the best students, who are academically strong, and who have passion, commitment, leadership potential and come from diverse backgrounds.
- Provide a high quality educational experience that stretches students, is globally-oriented, and develops skills and values to enable them to reach their full potential.
- Focus on high impact research that advances knowledge and its application, and which is of high international quality and impact.
- Inject a spirit of enterprise into education and research, and develop impactful synergies in education, in research, and between education and research, within a dynamic “no-walls” environment.
