Mohammad Ali Jauhar University has been established as a university by an act in the year 2006. The University campus is located at a distance of approximately 12.0 km. from the railway station, Rampur. If you proceed from the city of Rampur; it falls on the left side of the road leading to Tanda, conversely if you come from Moradabad via Tanda, it falls on the right along the Kosi river, which forms its natural boundary. River Kosi flows all along the University for Distance of two and a half miles.

The envisioned university comprises of a school of Life Science, Science, humanities, law, education, Commerce, engineering and technology, Paramedical courses in nursing and proposed medical college, Mass communication, agriculture and technology. The university campus is very beautiful, lush green covering 300 acres of land, We know the importance of planning, so we have hired the services of eminent architects .It is being planned as a mini civilization closely embedded to nature. Attention has been given to the development of sports in the university campus, in doors games facilities like badminton, table tennis, and play grounds for football, hockey, cricket, lawn tennis, volley ball, basketball, horse riding etc. have been proposed.

A mini stadium with athletic tracks, gymnasium, have also been designed to promise sports along with studies, which will go a long way in over all personality development of the students. Large open space between the blocks, wide roads with attractive landscapes, modernistic buildings following the current trends and latest finishing material have been planned to create a green, lively and vibrant campus. A large mosque to cater to a capacity of 7500 persons shall form the focal point of the university.

We aim at providing multidisciplinary research and education at a level of excellence that few universities can match with. The University shall offer outstanding research and educational opportunities, along with a commitment to our public service mission with an outreach to local and global communities - the kind of meaningful experiences that last a lifetime.

Over all, this is a great dream for the development of the academic infrastructure, which will open a world of opportunities for the people of Rampur and a great vision to develop a university, which would be planned & equipped in such a manner, that its infrastructure or the quality of education, will compete with the best in world in near future.
