The National Institute of Technology Arunachal Pradesh was inaugurated on 18th Aug 2010 as a member of a group of ten new NITs. These new NITs were established as centres of excellence in technical education to combat the growing need of technological professionals in India as well as in the World.

The Institute has been through many trials since its establishment in 2010; but ultimately has triumphed over all challenges and is thriving today with more than 350 students on roll and many distinguished members of faculty as well as a good many numbers of competent administrative personnels.
