

SANSKRITI UNIVERSITY

28 K. M. Stone, NH 2, Mathura - Delhi Highway
Chhata District, Mathura, Uttar Pradesh – 281401
Mobile : 09358512345

Sanskriti set up in a serene environment with state of the art infrastructure, is a university providing 360 degree holistic development of students. Sanskriti's intellectual capital comprises highly qualified and experienced faculty drawn from Industry as well as from Academia. Curriculum aligned with industry needs, makes students employable and job ready. Sanskriti is committed to get all its students employed by providing skill based value additions.

The university campus is spread over 40 plus acres of land on N.H.-2 located at Chhata, Mathura which is 116 KMs from Delhi. The administrative building of the university is architecturally majestic and stands out as unique in the entire state of U.P. The university has been established with the idea of "Excellence in Life" of the students. The infrastructure compares with the standards of premier institutions/universities of India. Large number of courses are being offered by the university to satisfy the needs of the students who want to pursue higher education in main streams and also for those who want to build their careers in unconventional streams that have great potential and importance in the industry.

All courses are supported by laboratories, equipments, libraries, computer labs and other infrastructural needs for meeting the demands of the courses.

The University is very selective in recruiting the faculty members as it understands the value and contribution of teachers in shaping the destiny of the students who aspire to build promising careers that will enable them to serve the industries/service sectors in responsible positions and live happily. Competence, experience and qualification are the major criteria for recruitment of faculty members.

The students are admitted on selective basis. The University conducts admission tests and the students are admitted to various courses on the basis of their performance in these tests/merits. In short, the major contributing factors of higher education are given due weightage to ensure progressive enhancement of brand image and fulfillment of the university's mission of serving the society through high quality education in different branches of higher studies.
