Chairman : Dr. Ratan Kumar Sinha
Director : Prof. M. Barma
Registrar : Wg. Cdr. George Antony (Retd.)

The Tata Institute of Fundamental Research is a National Centre of the Government of India, under the umbrella of the Department of Atomic Energy, as well as a deemed University awarding degrees for master's and doctoral programs.

At TIFR, we carry out basic research in physics, chemistry, biology, mathematics, computer science and science education. Our main campus is located in Mumbai, but we have additional campuses in Pune, Bangalore and Hyderabad.

"It is the duty of people like us to stay in our own country and build up outstanding schools of research such as some other countries are fortunate to possess." This was the vision that guided the Tata Institute of Fundamental Research which Homi Bhabha founded. The Institute was founded on 1st June 1945 with support from the Sir Dorabji Tata Trust. The Institute first began functioning within the Cosmic Ray Research Unit on the campus of the Indian Institute of Science, Bangalore and moved to Bombay in October that year.
